NEW IRELAND, HOME RULE IS NEXT

The following resolutions were sent today by the national officers of the United Irish League of America to the Irish League of America in the Irish League of America, London.

Hearty congratulations of United Irish League of America and friends of progress throughout America on glorious victory of last night. It clears way for Home Rule. Irish America will sustain you until it is won. Democracy of England, Wales and Scotland congratulated through you.

MICHAEL J. RYAN, Philadelphia, National President.
THOMAS B. FITZPATRICK, Boston, National Secretary.
JOHN O'CALLAHAN, Boston, National Secretary.

By AUSTIN F. MAQUIRE.
LONDON, Aug. 11.—The Irish League will write today on its banner, the day Thursday, August 11, 1911. It is the most important event that has taken place in the history of Irish League since the days of the Phoenix.

When the members of the League of Lords, by their own vote, last evening, decided the position in the legislative institutions of England which they have held for centuries, nothing short of a revolution was effected, without the risk of a single cannon. It was the first great victory in democracy and the most decided victory will need it soon.

Thereafter, the ancient British empire which so long had worshipped at the shrine of hereditary rule, will know that "divine right" is no more a justification for the imperial power. England is today virtually a self-governing republic, except that a king and not a monarch-elect presides over the government.

Small sympathy for lords.

The sounding of the bells of London, but small sympathy. By their obstinate refusal to give up the throne, they have brought about their own undoing. The only wonder is, so long as the House of Lords is a black and rotten institution, that the upstart which it came, as a result of an accident, has lasted as long as it has.

Every Irishman of English who has the interests of the people at heart has had to fight the House of Lords in the past, and the House of Lords is the chief obstacle to the work of the League.

FIND UNKNOWN MAN A SUICIDE

The body of a man, apparently a suicide, was found early today in the bushes at the corner of Broadway and Chester streets. It is believed to be that of Horace Thibault, a tall, thin man, with a mustache, who was last seen in the city about a week ago. The police have been unable to find where the man lived. A letter containing a statement of a suicide note was found near the body.

The medical examiner declared that the body, which was discovered by a citizen on his way to work, had been in the city about six weeks. The man was about thirty years old, weighed 150 pounds and was five feet nine inches tall. He had gray hair and a blue suit. A watch chain was found in his pocket. The body was taken to the North Grove street morgue.
